- √ Open to full time high-school students, university undergraduate or graduate students
- √ Discount to attend Annual Conference

*All members are enrolled as a member of the Montana Chapter of SWCS and receive a discount to the Montana Chapter Annual Conference and National Conference*

## Montana SWCS

The mission of the Montana Chapter of the Soil & Water Conservation Society is to foster the science and art of soil, water and related natural resource management to achieve sustainability.

The Montana Chapter membership consists of more than 100 professional and non-professional people working in many phases of agriculture and natural resources.

Montana SWCS members are committed, informed, effective conservation leaders. SWCS members use the Chapter's multi-disciplinary structure to create and convey a land and water ethic to the people in Montana.

## Activities

- √ Each year the Montana Chapter hosts a technical conference on current land and water management issues. The conferences are designed to keep conservation professionals and landowners up-to-date on natural resource issues, science, technology, and conservation practices.
- √ The Montana Chapter offers scholarships annually to foster natural resource education to students who are enrolled in a natural resource program at an accredited college, university, or vocational school.
- √ As an affiliate to the Montana Envirothon Program, the Montana Chapter contributes to the enhancement of students wishing to learn more about our natural resource environment.
